

*The Ambassador of the Kingdom of the Netherlands  
H.E. Ron Keller*

*kindly invites you to panel discussion & live broadcast of the TEDxBinnenhof event  
“Global Challenges: Dutch Solutions”  
On Monday 31 March 2014 at 14:00 hours*

*The panel discussion will focus on how international research cooperation can best be facilitated. The broadcast will elaborate on Dutch solutions for problems in the fields of efficient & clean energy, health and green transport.*

*During the event, TNO and TÜBİTAK (the national research organizations of The Netherlands and Turkey respectively) will announce that they will sign a Letter of Intent to strengthen their future cooperation. The ambition is to bring together Turkish and Dutch researchers, research programmes and research outputs. Cooperation will also be sought in the EU's Horizon 2020 projects.*

*The programme will be as follows:*

*14:00 Arrival of participants*

*14:30 Opening*
